

## **Want To Go Sailing?**

Opportunities to go sailing on Pelagic boats come from communication between a Boat Owner or Skipper and a Crew or Applicant. To improve communication and participate in more sailing events, get more involved!

- Be proactive! Make yourself known to members by coming to meetings and social functions. Volunteer to help with a club activity.
- Send an email. For details, see the “E-Mail-a-Sail” section below. This has become the best and fastest way to communicate when looking for a crew member or looking to be a crew member
- Call your Pelagic friends, your Advocate, or Boat Owners or Skippers directly.
- Most important of all, offer to work on Pelagic boats in the spring and fall. This is the best way to be invited aboard.

## **Email-a-Sail Program**

This program is one of many ways for skippers and crew to make a connection for boat maintenance and for sailing.

Most Pelagic members use the club email at [pelagic@yahoogroups.com](mailto:pelagic@yahoogroups.com), which sends your request to almost every member of the club.

There are two ways to join the Pelagic Yahoo Email Group – be invited or send an email request to join. If you receive an invitation just click on the Accept link and you should be signed up. The other option is to send an email to [pelagic@yahoogroups.com](mailto:pelagic@yahoogroups.com). You will receive an email back stating that you need to be a member. Click on the link that indicates you want to join the Pelagic Yahoo Group. A club administrator will confirm you are a member or applicant and approve your request.
